Guaranteed Protein Expression Packages

Our guaranteed service packages for standard proteins include all steps from cloning to recombinant protein expression in *E. coli* or in mammalian cells for a fixed price. The final yield, purity and timeline are guaranteed – you only have to pay when we succeed!

- ✓ Four different package variants available
- ✓ Free feasibility check and project consulting from our scientific experts
- ✓ One-stop-shop from cloning to purification – add on gene synthesis if needed
- ✓ Dedicated project management ensures close communication between experts and clients
- ✓ High quality and efficiency of services

Process of Protein Expression Service

Our Guaranteed Protein Expression Package Variants

Package Version	Yield	Purity	Timeline *	Extra
<i>E. coli</i>	≥ 3 mg	> 75 %	2 business weeks	-
Labeled Proteins	≥ 1 mg	> 75 %	2 business weeks	15N or 13C labeling
Protein plus Antibody	≥ 3 mg	> 80 %	2 business weeks	40 ml antisera (titer 1:25.000)
Mammalian Cells	≥ 1 mg	> 75 %	2 business weeks	-

* *excl. Pilot & Cloning*

Guaranteed Service Packages

Guaranteed yield, purity and timeline. Pay only when we succeed!

All-inclusive Service Package

Everything included from cloning to final protein purification for a fixed price.

Transparency & High Quality

Your project manager keeps you constantly informed on the progress of your project.

Free Feasibility Analysis & Consulting

Initial consulting is the basis to define the ideal strategy for your target.

“It was a pleasure to work with trenzyme. Our expectations were fully met. trenzyme’s team of professional scientific experts helped us to complete our objectives in time. We were also pleased with the quality of the documentation provided. In a nutshell, I can recommend trenzyme as a reliable service provider.”

Michael Samassa
Celonic AG, Basle, Switzerland

Why choose trenzyme - your benefits from working with us:

- Our modular project designs are custom-tailored to your specific project requirements
- Our scientific experts will complete your project successfully and efficiently
- Your project manager keeps you constantly informed on progress throughout the project
- We are a reliable and long-standing partner of many international pharmaceutical companies
- All services run under ISO 9001 quality management standards

Discover all the services we offer:

- ▶ Custom Protein Production
- ▶ High-Yield Protein Production
- ▶ Protein Expression Screening
- ▶ Stable Cell Line Development
- ▶ GMP-compliant Production Cell Line
- ▶ Custom Cell Line Expansion Service
